Empowerment Workshop

presented by Dr. Gunta Caldwell

Ever asked yourself why do you feel so powerless, so angry, so fearful, so unlovable or any other of a myriad of emotions?

Ever wondered why people always take advantage of you, take you for granted or expect to receive but never give? Or have you ever felt as if no matter what you do you can never get your relationship "right" with your loved one - partner, child, parent or friend?

Or, have you ever felt as if no matter how hard you try and no matter how much effort you put into your work situation it is never appreciated, never seen as enough or maybe not even seen!

Or that co-worker/friend/ loved one who always seems to irritate you in some way and again there is no escaping this situation? If you can relate to any one of these scenarios or situations then I would love to see you at my empowerment workshop.
